SITUATION NOT SO DANGEROUS

Conditions at Springfield Show Some Improvement.

TROOPS WILL BE SENT HOME

Governor Deneen Orders the First and Fourth Infantry Regiments to Return to Their Homes—Race War Develops Trouble in Mines.

Springfield, Ill., Aug. 19.—That the race war situation in this city is considered much less serious was evidenced when Governor Deneen issued orders for the return of the First and Fourth infantry regiments to their homes.

"I took this measure after a conference with Sheriff Werner, Mayor Reece, Major General Young, Adjutant General Scott, General Foster and General Wells," explained Governor Deneen.

"Does that mean that you consider all danger of serious trouble is past?" he was asked.

"It means that we can properly guard the city with the troops which will remain. There will still be the Second and Seventh regiments under General Foster in the Western division, and the Third and Fifth under General Wells. The departure of the First and Fourth will lessen our forces by about 1,000 men, leaving a good 2,000 here."

There were the usual baseless alarms at night but up to midnight nothing of a serious character transpired. Deputy sheriffs reported an entire absence of trouble or excitement at the Woodside coal mine, where the

the union will see that no serious trouble arises."

The only bit of violence reported occurred on North Eighth street. A small crowd of white men and boys set upon a negro and beat him severely. He managed to break away and ran north pursued by his assailants. He escaped.

KETCHEL DEFEATS THOMAS

Knocks Out the Californian in the Second Round.

San Francisco, Aug. 19.—After about one minute and a half of fighting in the second round Stanley Ketchel of Grand Rapids, Mich., knocked out Joe Thomas of this city with a shower of punches to the jaw and body.

In the first round Thomas landed a couple of punches to the body which seemed to give him confidence. Ketchel backed Thomas into a corner, made a half shift and caught him on the side of the head with a hard left punch. Ketchel then feinted Thomas wide open and sent in a fierce right on the stomach, putting Thomas down for the count of seven. When Joe arose Ketchel sent him down again with hard rights and lefts to the body and jaw. The gong saved Thomas from going out in this round. His right eye was entirely closed from one of Ketchel's smashes.

When Thomas toed the scratch for the second round it was only a question of how long he could stand in front of the hurricane fighter from Michigan.

Ketchel rushed Thomas and after a moment's sparring sent him to the canvas for the count of eight. Ketchel rushed Thomas to the ropes and hammered him unmercifully about the head and body. Referee Smith had counted nine over him when Police Captain Anderson motioned Smith to stop the encounter. Thomas had absolutely no chance to continue the fight. Ketchel was a 10 to 4 favorite.

HOLDS THREE SESSIONS.

National Editorial Association Convention in St. Paul.

St. Paul, Aug. 19.—Three sessions were held by the National Editorial association, two in the representatives' chamber in the old capitol, in the morning and afternoon and a third in the evening in the parlors of the Ryan hotel.

The afternoon session was given over entirely to the reading of papers. The session was opened with a symposium on the future of the association. The discussion was led with a paper by W. L. Jones of Lebanon, Ill. Following the reading of his paper a number of the delegates joined in a sort of testimony meeting in which each expressed himself as highly pleased with the association in the past and prophesied great things for it in the future.

The most interesting discussion of the day was that concerning the publication of a successful evening newspaper in a small town. Two papers were read on this subject, one by G. S. Griswold, publisher of the Daily News, Batavia, N. Y., and the other by F. P. Hall, publisher of the Daily Journal, Jamestown, N. Y.

The papers discussed the problem of conducting a small daily from a business standpoint, showing how a good local paper could be published in a town of from 10,000 to 20,000 population.

B. B. Herbert read a communication from the American Newspaper Publishers' Association of New York asking the National Editorial association to assist in securing the passage of a new libel law. The proposed law makes it possible to consolidate suits when a number of papers are being sued for the publication of the same article.

Papke Defeats Sailor Burke.

New York, Aug. 19.—Billy Papke, the Illinois boxer, maintained his reputation of a fast fighter by getting the better of Sailor Burke of this city in a rapid and very rough six-round bout at the National Athletic club here. No decision was given by Referee Charley White, but the Western fighter outclassed his opponent almost at every stage of the game.

Falls to His Death.

Minneapolis, Aug. 19.—Peter Knipper fell down the stairs of his home and sustained a fractured skull which resulted in his death shortly after. Knipper arose late and started to go downstairs and to a restaurant for his breakfast. Upon arriving at the stairway he slipped and fell down the entire flight.

Two Young Men Drowned.

Traverse City, Mich., Aug. 19.—Benson Anderson, aged twenty years, and Julius Haspen, eighteen years old, were drowned in Bass lake off Elk Rapids when their sailboat was capsized in a heavy wind. Their bodies have not been recovered.

ATTITUDE OF MRS. HAINS

Of Paramount Interest to Lawyers in the Case.

BY THE SIDE OF HER HUSBAND

Wife of Annie's Slayer May Be Found When the Trial Comes—Army Officer Wrote Letters to His Victim Challenging Him to Fight a Duel.

New York, Aug. 19.—A predominant figure in the Hains-Annis tragedy is Mrs. Claudia Hains, the attractive young wife of Captain Peter C. Hains, Jr., U. S. A., who on Saturday last shot and killed William E. Annis.

What the attitude of Mrs. Hains will be is of paramount interest and importance to the lawyers for the Hains brothers and to the district attorney. Rumors were rife that Mrs. Hains will drop her hostile demeanor toward her husband and will take her place at his side when the trial comes.

However, these reports came from no authoritative source and Mrs. Hains and her lawyers are silent as to her plans. Mrs. Hains, it is said, has returned to her home in Massachusetts. Her lawyer, Frederick L. Norton of Boston, who came here to advise her, announced that he will have a statement from her within a day or so, but he will not intimate what the statement will contain.

Captain Hains and his brother will be represented by the best counsel that can be procured. John F. McIntyre, a former assistant district attorney and one of the ablest lawyers practicing at the criminal bar, has been retained, and it was said that an effort would be made to get Martin W. Littleton, who defended Harry K. Thaw, to join the defense. Mr. Littleton is now in Europe.

The mystery of the so-called "threatening letters," written by Captain Peter C. Hains to William E. Annis has been cleared up.

The letters were challenges to a duel. In them the army officer demanded that he be allowed a "gentleman's satisfaction" by meeting on the field of combat the wrecker of his home.

When Annis made no reply to the first and second letter, Captain Hains warned him in the third to prepare for a duel without set time or place; told him to arm himself, for there would be shooting whenever Hains next met him.

CHAFIN IS NOTIFIED OF HIS NOMINATION

Prohibition Candidate for President Accepts Honor.

Chicago, Aug. 19.—At Music Hall, in the presence of a large and enthusiastic audience, Eugene W. Chafin of Chicago accepted the nomination for the presidency by the Prohibition party. The address formally notifying Mr. Chafin of his selection as the head of the Prohibition ticket was made by Professor Charles Scanlon of Pittsburgh on behalf of the committee on nomination appointed at the national convention in Columbus, O., July 16.

Leading members of the party from Illinois, Michigan, Wisconsin, Ohio, Indiana, Nebraska and other states were present. Seated on the platform were the national executive committee members, chairmen of the various state committees, the committee on nomination, and several prominent Prohibitionists.

Charles R. Jones, chairman of the national committee, called the meeting to order and announced the selection of Samuel Dickie, president of Albion

college, Albion, Mich., as chairman of the gathering. Mr. Dickie delivered a brief address and then introduced Mr. Scanlon. He was greeted with applause as he began his notifying address, and throughout his speech was interrupted by evidence of approval of his remarks.

Prolonged applause greeted Mr. Chafin as he accepted the honor. It was some minutes before he was able to continue his speech of acceptance. Mr. Chafin in the beginning dwelt on party strife over false issues for the sake of obtaining office and scored the two old political parties for protecting the liquor traffic. He concluded his speech with an outline of the issues for which the party stands.

FLOORS FALL UPON THEM

Three Firemen Killed and a Fourth Badly Injured.

London, Ont., Aug. 19.—Three firemen were killed and a fourth was dangerously hurt when the floors of a burning building fell upon them. The dead are:

Fire Chief Lawrence Clark and Firemen McQuinn and Cockburn.

The fire broke out in the basement and the firemen were in the cellar trying to get at the source of the flames when the first and second floors of the building crashed through on them. The bodies have not yet been recovered.

ARTHUR UPSON DROWNED.

Minneapolis Author's Body Found in Lake Bemidji.

Bemidji, Minn., Aug. 19.—While rowing their launch about eighty rods from the city dock, Rev. S. P. White and Floyd Brown came upon the body of Arthur Upson of Minneapolis, floating in deep water. At first they thought the body was a deadhead, and it was towed ashore and Coroner E. H. Marcum notified. The body was then taken to Fahr's undertaking rooms, where it will be held until friends remove it.

It is not known whether Mr. Upson committed suicide or was drowned accidentally. He made a sensational attempt to kill himself three years ago in Minneapolis.

Mr. Upson was last seen Aug. 13 at Markham hotel, where he was staying while here enjoying an outing. An empty rowboat picked up Sunday near Diamond point belonging to the City Boat company was let to a man named Upson on Sunday. One oar of the boat was missing at the time of the finding of the boat.

There has been rough weather recently, and it is possible that the boat capsized and the young man was drowned.

Mr. Upson was thirty-one years old and had won fame as an author and poet.

CHARLES S. DENEEN.

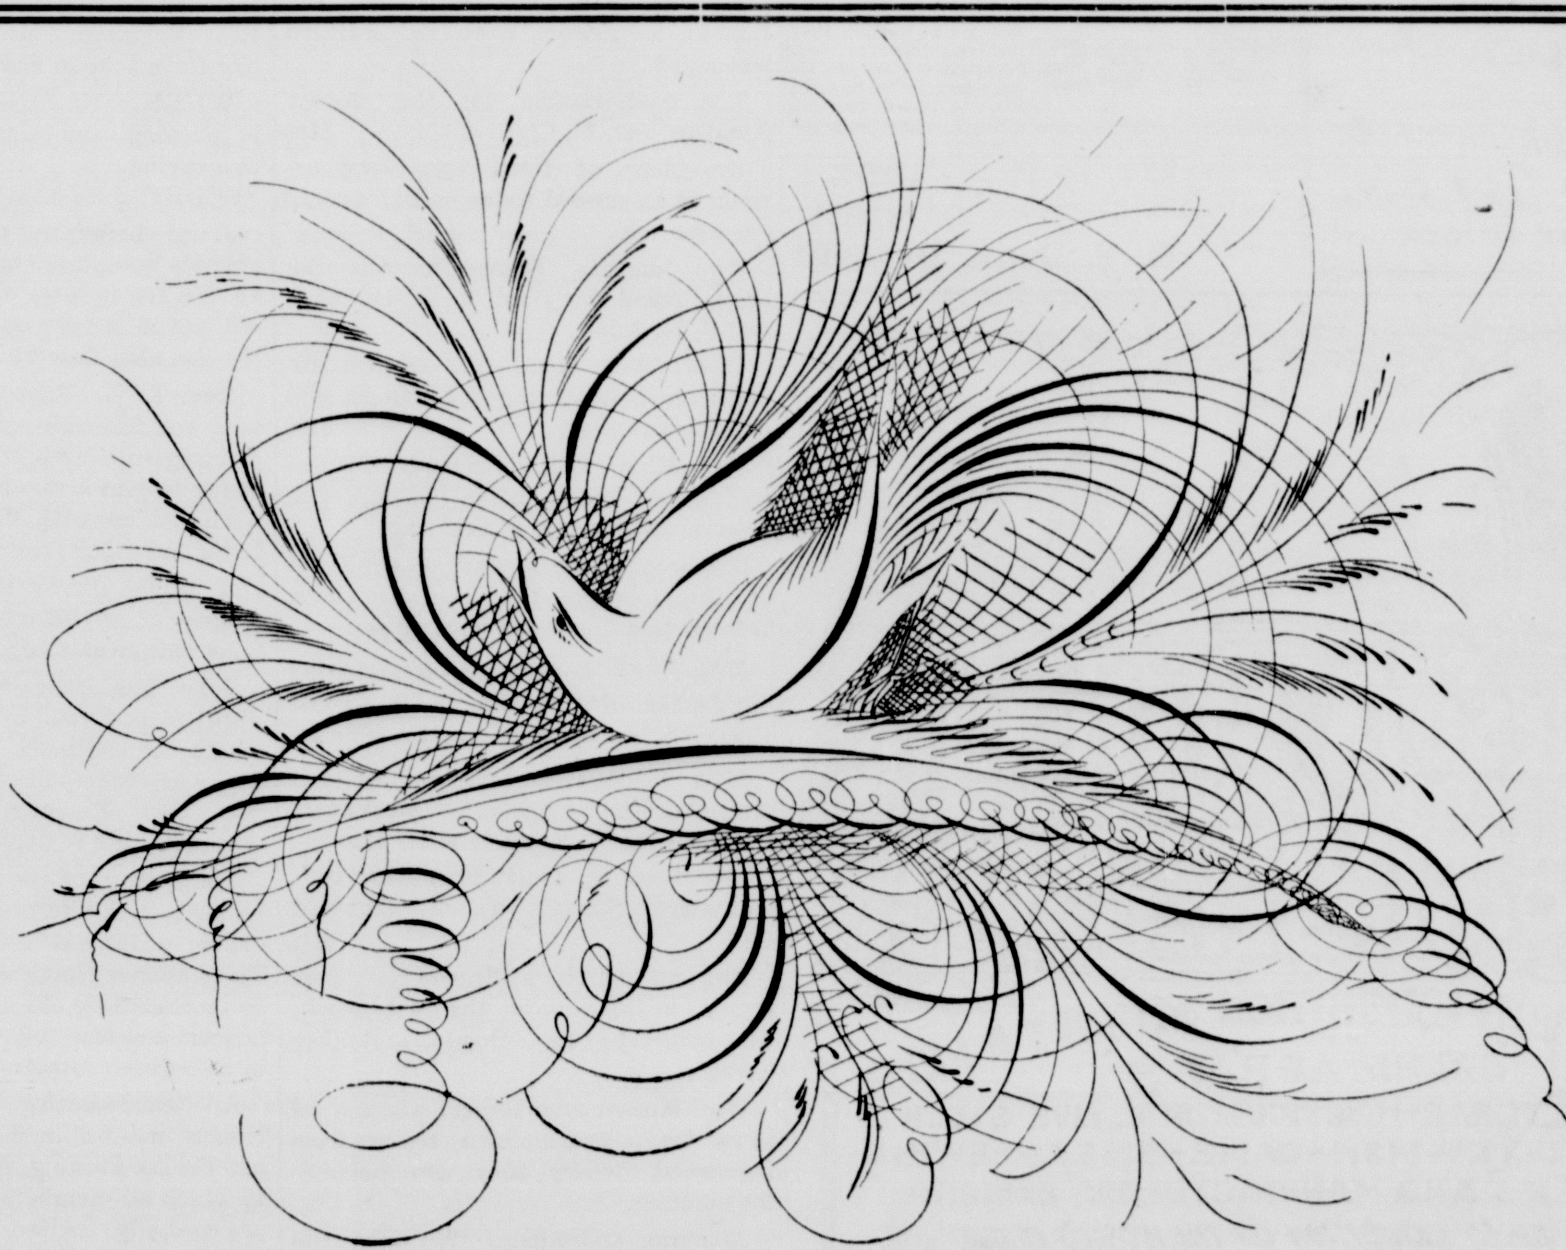

white miners refused to work with negroes. Some nervousness was reported as existing further out at the Tuxhorn mine, but no clash occurred.

Ordered Back to Work.

The refusal of the whites to work with the colored comrades was considered at an all-day session of the examining board of the state federation of the United Mine Workers of America. As a result of this consideration an order was issued that the union does not recognize the right of the miners to cease work. All were ordered to report back at their posts at once. The walkout was not in a body but by individuals and small groups of miners who feared that the negroes, alarmed at conditions in the city, were armed and might inadvertently be startled into violence. The negroes professed the most peaceable intentions.

While the new special grand jury was hearing witnesses in riot cases and citizens were held a meeting, the antagonism between the whites and blacks, already responsible for seven deaths and scores of injuries, struck underground. White miners at the Woodside coal mine, a mile out of town, and the Tuxhorn mine, four miles distant, refused to work with the negroes. The two mines employ about 500 men, about 150 of whom are colored. The white miners came to President Clark of the Springfield sub-district of the United Mine Workers, with the declaration that the negroes were armed and they did not feel safe in the underground darkness with them. On the other hand, it is said that the negroes have armed with no thought of taking initial action, but to protect themselves in event of a repetition of the rioting of Friday and Saturday nights. President Clark said that so far as he knew there had been no clashes between whites and blacks in the mines.

"They are just nervous, I guess," commented the organization leader. "Both races belong to the union and

Fall Term begins Sept 1st.

Every subject taught in the leading business colleges of the United States, will be presented this fall. Write at once for particulars. Positions for graduates.

Brainerd, Minn., August 18th, 1908.

TO WHOM IT MAY CONCERN:

To those interested I will say that I have been a student at the Brainerd Business College since it opened. Started in its Business Department. We were a highly interested lot of students while going thru this most pleasing course of study. It is difficult to see how it could be made better. I learned more about penmanship in a month than I had before in my life. The Brainerd Business College is all right.

GEO. E. ANDERSON.

TO WHOM IT MAY CONCERN:

It gives me pleasure to state that my ward, Miss Maude Mandry, has been attending the Brainerd Business college for some months and I am more than pleased with her progress. She likes the school; she likes her studies and her teachers. We are very glad of this opportunity to prepare our ward right here at home, for earning her own living. The Brainerd College has our complete and unqualified approval.

A Swift Bird.

The Mexican road runner has only two short legs, but he can beat a horse, a hound and an electric carriage and give them a handicap start. Speed is not his only recommendation. He eats as he runs, or, rather, as the things run away with him. Snakes are the principal part of his diet, big and little. His crop is as elastic as his legs are swift, and when he wants to prepare for a long journey he coils up a rattler or two inside of his neck and sets out across the Mexican desert with a swiftness that makes it look like a bunch of dust on a record breaking tour around the world.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

**ONE STOCK CAR
BUILT EVERY HOUR**
That is the Record of the Brainerd Shops on 250 Stock Cars Just Finished
HAVE NOT MISSED AN HOUR
Scene is an Instructive as Well as a Busy one at the Shop Where Work is Done

The Northern Pacific car shops in this city has established a record in the building of stock cars that is hard to beat. 250 cars have been built at the shops under the supervision of D. K. Fullerton, general foreman of this department of the Northern shops here. One car has been turned out complete every hour since commencing on the work, not one single hour of the working day having been missed.

The sills and other heavy timbers are laid on the trucks outside the shop and the cars are pulled forward to the stations of the various crews once each hour. The first crew puts in the plates which hold the draw bars, bolt the sills in position and put in the trusses. The next crew puts in the floor and the cars are then run into the shop proper. The roof timbers, posts, etc., have mean while been placed beside or on the car. The roof is framed on the deck of the car, hoisted by means of tackle and let down upon the upright posts. At the same time the draw heads are put in place. An ingenious machine invented by Mr. Fullerton, is used to compress the draw bar springs and put them in place. The next crew puts on the end lining and the side slats while another puts on the doors, etc. Ten crews altogether work on each car, each crew working an hour, the last crew applying the paint.

The clockwork regularity is maintained through the knowledge of Mr. Fullerton as to what time each part of the work should consume. Often the men on a gang, or on all the gangs will complete their work before the hour but they are not expected to do anything till time is up and the line of cars is each advanced on station.

The company is also having 250 cars built in the South Tacoma shops, and while the officials refuse to discuss the matter some of the men express positive knowledge that the work is being done cheaper here than at the former place because of the splendid system of Mr. Fullerton.

He paused to poke reflectively the prisoner's fat shoulder.

**FURNITURE FACTORY
FOR BRAINERD**
E. J. Rhone Has Purchased Site of Fricker Bros. Mill for that Purpose
WILL START IN SMALL WAY
Work on Site Already Commenced and Building Will be Built Immediately

E. J. Rhone, of Rhone & Flaata, has purchased the site of the Fricker Bros.' flouring mill which was destroyed by fire a few months ago, together with the steam engine and boiler used to furnish power for the mill.

Work has already commenced in cleaning up the site, and Mr. Rhone has made arrangements to begin at once on the erection of a wooden building 35 by 50 feet for use as a factory and also on a building to be used as a dry kiln.

He states that he will start in a small way manufacturing only kitchen tables and kitchen cupboards. If this proves a success, he will then extend the work to other articles of furniture.

Mr. Rhone's partner, Mr. Flaata, will retire from the firm because of ill health.

No one is immune from kidney trouble, so just remember that Foley's Kidney Remedy will stop the irregularities and cure any case of kidney or bladder trouble that is not beyond the reach of medicine. H. P. Dunn. mwf

A Competitive Examination
Under the rules of the U. S. Civil Service Commission there will be a competitive examination for clerk carrier held in this city on Saturday, Sept. 5, 1908, commencing at 9 a. m. Applications for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the local representative of the commission, Geo. W. Grewcox, at the postoffice in this city, or can be obtained from J. M. Shoemaker, Secretary, St. Paul, Minn. In order to be accepted applications must be received by the secretary at St. Paul before the close of business on Sept. 2d.

How to Avoid Appendicitis
Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn. mwf

Lusty.
Shopkeeper—Is there anything else I can send you, sir? What would you say to a piece of this cheese? Customer—I wouldn't care to say anything to it. It might answer me back.

Snapped It Out.
"Dear, am I the only woman you have ever loved?"
"Yes, or ever will."
And it must have been the way he said it that made her mad.

Departing Guest—We've had a simply delightful time! Hostess—I'm so glad. At the same time I regret that the storm kept all our best people away.—Brooklyn Life

Attention, Asthma Sufferers!
Foley's Honey and Tar will give immediate relief to asthma sufferers and has cured many cases that has refused to yield to other treatment. Foley's Honey and Tar is the best remedy for coughs, colds and all throat and lung trouble. Contains no harmless drugs. H. P. Dunn. mwf

WHEN HER BACK ACHES
A Woman Finds all Her Energy and Ambition Slipping Away
Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Back ache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Brainerd woman's words:
Mrs. L. Peterson, of Brainerd, Minn., says: "I gave Doan's Kidney Pills a thorough trial and believe them to be unequalled for kidney trouble. I suffered from a constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I finally decided to try Doan's Kidney Pills and procured a box at H. P. Dunn's drug store. After taking a few doses I felt better and in a short time the pains and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a lease of life, and am so confident that they will do what is claimed for them that I am advising everyone I hear complaining of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doans—and take no other.

Bijou Opens Aug. 20th

After being closed a couple of weeks for the summer vacation, the Bijou will be opened tomorrow night, Thursday, August 20th, with an exceptionally fine program. As the vaudeville attraction, Manager Low will present Clifford & Aimes, Irish comedians, who are said to be great fun producers. The Fargo Forum says of them: "At the Bijou this week Manager Treat has given his patrons an exceptionally good bill. To Clifford & Aimes must go the palm as the funniest entertainers seen in the city for some time. Their nautical Irish sketch is enough to create laughter from a Sphinx. The audience last night laughed and then laughed some more. Clifford & Aimes are certainly 'The Greatest of Laugh Producers.'"

A Boon to Elderly People
Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and be vigorous. H. P. Dunn. mwf

**WEALTHY BREWER
AND WIFE KILLED**

SPECIAL TO THE DISPATCH.
Minneapolis, August 19.—John Gluek, a wealthy Minneapolis brewer and his wife were instantly killed early today in a collision at Cottagewood, Lake Minnetonka, between their automobile and a train on the Minneapolis & St. Louis railroad. Mr. Gluek and his party were enroute to the city and on a railroad crossing near Cottagewood their automobile was caught by the train and hurled against a station building. Mrs. Gluek's sister and the latter's two-year-old daughter were probably fatally injured.

Cured Hay Fever and Summer Cold
A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." H. P. Dunn mwf

No Pain with Red Blood
You can get your blood right by using Dr. A. W. Chase's Nerve Pills.
Rheumatism and diseases of the nerves are closely allied—both are due to thin, watery and impure blood.
Have you ever noticed that it is when you are tired, weak, wornout and exhausted that the rheumatism gives you trouble.
Well, if your blood were analyzed at such times it would be found lacking in just such elements as are contained in Dr. A. W. Chase's Nerve Pills. Because this great restorative actually forms rich, healthful blood it positively cures rheumatism.
MR. JOHN GERHART, South Main St. Orrville, Ohio, writes—"One of my family got run down in health and strength and suffered a great deal from rheumatism. He used Dr. A. W. Chase's Nerve Pills with splendid results. The rheumatism is all gone, strength good and nerves steady. We gladly recommend so excellent a medicine."

New World's Record.
 Yonkers, N. Y., Aug. 19.—A new world's record for six furlongs for circular tracks was made at Empire City track when Nimbus, carrying 109 pounds, won the first race in 1:11½. The time clips two-fifths of a second off the old mark, made by Roseben, carrying 147 pounds, at Belmont park a couple of years ago.

Complete Canal in Five Years.
 Washington, Aug. 19.—That the Panama canal can be completed within five years and at much less cost to the government than has been generally supposed, is the information which Colonel Goethals, engineer in charge of the work, is expected to bring Secretary of War Wright from the Isthmus next month.

SIMPLY TIRED OF LIFE.

Prominent Insurance Man Commits Suicide.

Louisville, Ky., Aug. 19.—Alfred T. Wimberly, state manager of the Bankers' Life Association of Des Moines, Ia., and a well known insurance man, was found dead in bed at his home here. Death was caused by a self-inflicted pistol wound, according to the coroner. A letter signed by Wimberly found on a table in the room read as follows:

"I am neither drunk nor insane. I have no domestic troubles nor business troubles. I have committed no crime. I am simply tired of life. I have always had despondent spells for which my creator is responsible. I have no fears for the hereafter if there is any. This is for the public if the public wants it."

Republican Headquarters.

Chicago, Aug. 19.—Congressman Tawney of Minnesota announces that Republican national congressional headquarters will be opened Sept. 11 in rooms selected at the Auditorium hotel.

PANIC IN A THEATER.

Tank of Gas Explodes and Sets Fire to the Building.

Chicago, Aug. 19.—Two men were burned, one seriously, and several hundred persons were thrown into a panic in a 5-cent theater at 781 West Madison street when a tank of gas employed in the operation of a moving picture machine exploded and set fire to the building.

Many women and children were in the audience and in the rush for the exit following the explosion several were thrown to the floor and trampled upon. Matthias Busch, operator of the picture machine, who was standing beside the gas tank, was so severely burned that it is believed he will die.

FIVE PERSONS PERISH.

Burned to Death in Fire That Destroyed Their Home.

Marshall, N. C., Aug. 19.—The home of Wofford Tweed on Laurel mountain was destroyed by fire and his wife, their three children and Mrs. Murray Tweed were burned to death and their bodies cremated in the flames. Mr. Tweed was at Marshall attending court when he heard of the tragic event.

THREATEN TO STRIKE.

Ten Thousand Men at Pittsburgh May Quit Work.

Pittsburgh, Aug. 19.—A strike of 10,000 coal miners in the Pittsburgh district is threatened because operators have refused to grant the demand of the officials of the miners' organization that they collect an increased "check-off." At present 50 cents a month is deducted from each miner. The officers demand a deduction of 65 cents. The money thus deducted is used for the expenses of the union.

At the operators' meeting it was decided that no more than 50 cents would be deducted and that no further meetings would be held with union officials to discuss the subject.

District President Frank Feehan has called a meeting of the executive board, when it is said it will be decided whether to strike to carry the point.

The controversy is similar to the one now on in Indiana, except that the Indiana operators want to entirely eliminate the check-off system.

Invalid Commits Suicide.

New York, Aug. 19.—Harry Finell, a young inventor and son of a wealthy family of Oakland, Cal., committed suicide here by inhaling illuminating gas. He had been an invalid for five years and left a letter explaining that he could not stand the suffering any longer.

A DOCTOR'S PRESCRIPTION.

A doctor's prescription was taken to a drug store at Superior, Wis., seven years ago. The druggist "filled" the prescription then, put it on file and numbered it 6088. Since that time "Sixty Eighty-Eight," as this great medicine is called (6088) has cured thousands of cases of rheumatism, catarrh, backache, kidney trouble and other blood disorders. Modern medical science proves that a medicine which purifies the blood, removing the uric acid and other poisonous elements, is the only kind that can actually drive rheumatism out of the system. Liniments may relieve the pain for a time, but to cure, as 6088 cures, the blood must be purified. When the blood is pure nature soon makes the sufferer well.

John McCoy of Duluth, tells the story of what 6088 did for him. He wrote a letter as follows:

"I consider it my duty to my fellow-men, to recommend your great Blood and Rheumatic Cure, 6088, to any person suffering with rheumatism, as it has done me more good than anything I ever took for that trouble. I am able to do a day's work now, and eighteen months ago I was helpless and suffering torments.

SITUATION NOT SO DANGEROUS

Conditions at Springfield Show Some Improvement.

TROOPS WILL BE SENT HOME

Governor Deneen Orders the First and Fourth Infantry Regiments to Return to Their Homes—Race War Develops Trouble in Mines.

Springfield, Ill., Aug. 19.—That the race war situation in this city is considered much less serious was evidenced when Governor Deneen issued orders for the return of the First and Fourth infantry regiments to their homes.

"I took this measure after a conference with Sheriff Werner, Mayor Reece, Major General Young, Adjutant General Scott, General Foster and General Wells," explained Governor Deneen.

"Does that mean that you consider all danger of serious trouble is past?" he was asked.

"It means that we can properly guard the city with the troops which will remain. There will still be the Second and Seventh regiments under General Foster in the Western division, and the Third and Fifth under General Wells. The departure of the First and Fourth will lessen our forces by about 1,000 men, leaving a good 2,000 here."

There were the usual baseless alarms at night but up to midnight nothing of a serious character transpired. Deputy sheriffs reported an entire absence of trouble or excitement at the Woodside coal mine, where the

the union will see that no serious trouble arises."

The only bit of violence reported occurred on North Eighth street. A small crowd of white men and boys set upon a negro and beat him severely. He managed to break away and ran north pursued by his assailants. He escaped.

KETCHEL DEFEATS THOMAS

Knocks Out the Californian in the Second Round.

San Francisco, Aug. 19.—After about one minute and a half of fighting in the second round Stanley Ketchel of Grand Rapids, Mich., knocked out Joe Thomas of this city with a shower of punches to the jaw and body.

In the first round Thomas landed a couple of punches to the body which seemed to give him confidence. Ketchel backed Thomas into a corner, made a half shift and caught him on the side of the head with a hard left punch. Ketchel then feinted Thomas wide open and sent in a fierce right on the stomach, putting Thomas down for the count of seven. When Joe arose Ketchel sent him down again with hard rights and lefts to the body and jaw. The gong saved Thomas from going out in this round. His right eye was entirely closed from one of Ketchel's smashes.

When Thomas toed the scratch for the second round it was only a question of how long he could stand in front of the hurricane fighter from Michigan.

Ketchel rushed Thomas and after a moment's sparring sent him to the canvas for the count of eight. Ketchel rushed Thomas to the ropes and hammered him unmercifully about the head and body. Referee Smith had counted nine over him when Police Captain Anderson motioned Smith to stop the encounter. Thomas had absolutely no chance to continue the fight. Ketchel was a 10 to 4 favorite.

HOLDS THREE SESSIONS.

National Editorial Association Convention in St. Paul.

St. Paul, Aug. 19.—Three sessions were held by the National Editorial association, two in the representatives' chamber in the old capitol, in the morning and afternoon and a third in the evening in the parlors of the Ryan hotel.

The afternoon session was given over entirely to the reading of papers. The session was opened with a symposium on the future of the association. The discussion was led with a paper by W. L. Jones of Lebanon, Ill. Following the reading of his paper a number of the delegates joined in a sort of testimony meeting in which each expressed himself as highly pleased with the association in the past and prophesied great things for it in the future.

The most interesting discussion of the day was that concerning the publication of a successful evening newspaper in a small town. Two papers were read on this subject, one by G. B. Griswold, publisher of the Daily News, Batavia, N. Y., and the other by F. P. Hall, publisher of the Daily Journal, Jamestown, N. Y.

The papers discussed the problem of conducting a small daily from a business standpoint, showing how a good local paper could be published in a town of from 10,000 to 20,000 population.

B. B. Herbert read a communication from the American Newspaper Publishers' Association of New York asking the National Editorial association to assist in securing the passage of a new libel law. The proposed law makes it possible to consolidate suits when a number of papers are being sued for the publication of the same article.

Papke Defeats Sailor Burke.

New York, Aug. 19.—Billy Papke, the Illinois boxer, maintained his reputation of a fast fighter by getting the better of Sailor Burke of this city in a rapid and very rough six-round bout at the National Athletic club here. No decision was given by Referee Charley White, but the Western fighter outclassed his opponent almost at every stage of the game.

Falls to His Death.

Minneapolis, Aug. 19.—Peter Knipper fell down the stairs of his home and sustained a fractured skull which resulted in his death shortly after. Knipper arose late and started to go downstairs and to a restaurant for his breakfast. Upon arriving at the stairway he slipped and fell down the entire flight.

Two Young Men Drowned.

Traverse City, Mich., Aug. 19.—Benson Anderson, aged twenty years, and Julius Haspen, eighteen years old, were drowned in Bass lake off Elk Rapids when their sailboat was capsized in a heavy wind. Their bodies have not been recovered.

ATTITUDE OF MRS. HAINS

Of Paramount Interest to Lawyers in the Case.

BY THE SIDE OF HER HUSBAND

Wife of Annis' Slayer May Be Found When the Trial Comes—Army Officer Wrote Letters to His Victim Challenging Him to Fight a Duel.

New York, Aug. 19.—A predominant figure in the Hains-Annis tragedy is Mrs. Claudia Hains, the attractive young wife of Captain Peter C. Hains, Jr., U. S. A., who on Saturday last shot and killed William E. Annis.

What the attitude of Mrs. Hains will be is of paramount interest and importance to the lawyers for the Hains brothers and to the district attorney. Rumors were rife that Mrs. Hains will drop her hostile demeanor toward her husband and will take her place at his side when the trial comes.

However, these reports came from no authoritative source and Mrs. Hains and her lawyers are silent as to her plans. Mrs. Hains, it is said, has returned to her home in Massachusetts. Her lawyer, Frederick L. Norton of Boston, who came here to advise her, announced that he will have a statement from her within a day or so, but he will not intimate what the statement will contain.

Captain Hains and his brother will be represented by the best counsel that can be procured. John F. McIntyre, a former assistant district attorney and one of the ablest lawyers practicing at the criminal bar, has been retained, and it was said that an effort would be made to get Martin W. Littleton, who defended Harry K. Thaw, to join the defense. Mr. Littleton is now in Europe.

The mystery of the so-called "threatening letters," written by Captain Peter C. Hains to William E. Annis has been cleared up.

The letters were challenges to a duel. In them the army officer demanded that he be allowed a "gentleman's satisfaction" by meeting on the field of combat the wrecker of his home.

When Annis made no reply to the first and second letter, Captain Hains warned him in the third to prepare for a duel without set time or place; told him to arm himself, for there would be shooting whenever Hains next met him.

CHAFIN IS NOTIFIED OF HIS NOMINATION

Prohibition Candidate for President Accepts Honor.

Chicago, Aug. 19.—At Music Hall, in the presence of a large and enthusiastic audience, Eugene W. Chafin of Chicago accepted the nomination for the presidency by the Prohibition party. The address formally notifying Mr. Chafin of his selection as the head of the Prohibition ticket was made by Professor Charles Scanlon of Pittsburg on behalf of the committee on notification appointed at the national convention in Columbus, O., July 16.

Leading members of the party from Illinois, Michigan, Wisconsin, Ohio, Indiana, Nebraska and other states were present. Seated on the platform were the national executive committeemen, chairmen of the various state committees, the committee on notification, and several prominent Prohibitionists.

Charles R. Jones, chairman of the national committee, called the meeting to order and announced the selection of Samuel Dickie, president of Albion

college, Albion, Mich., as chairman of the gathering. Mr. Dickie delivered a brief address and then introduced Mr. Scanlon. He was greeted with applause as he began his notifying address, and throughout his speech was interrupted by evidence of approval of his remarks.

Prolonged applause greeted Mr. Chafin as he accepted the honor. It was some minutes before he was able to continue his speech of acceptance. Mr. Chafin in the beginning dwelt on party strife over false issues for the sake of obtaining office and scored the two old political parties for protecting the liquor traffic. He concluded his speech with an outline of the issues for which the party stands.

FLOORS FALL UPON THEM

Three Firemen Killed and a Fourth Badly Injured.

London, Ont., Aug. 19.—Three firemen were killed and a fourth was dangerously hurt when the floors of a burning building fell upon them. The dead are:

Fire Chief Lawrence Clark and Firemen McQuain and Cockburn.

The fire broke out in the basement and the firemen were in the cellar trying to get at the source of the flames when the first and second floors of the building crashed through on them. The bodies have not yet been recovered.

ARTHUR UPSON DROWNED.

Minneapolis Author's Body Found in Lake Bemidji.

Bemidji, Minn., Aug. 19.—While rowing their launch about eighty rods from the city dock, Rev. S. P. White and Floyd Brown came upon the body of Arthur Upson of Minneapolis, floating in deep water. At first they thought the body was a deadhead, and it was towed ashore and Coroner E. H. Marcum notified. The body was then taken to Lahr's undertaking rooms, where it will be held until friends remove it.

It is not known whether Mr. Upson committed suicide or was drowned accidentally. He made a sensational attempt to kill himself three years ago in Minneapolis.

Mr. Upson was last seen Aug. 13 at Markham hotel, where he was staying while here enjoying an outing. An empty rowboat picked up Sunday near Diamond point belonging to the City Boat company was let to a man named Upson on Sunday. One car of the boat was missing at the time of the finding of the boat.

There has been rough weather recently, and it is possible that the boat capsized and the young man was drowned.

Mr. Upson was thirty-one years old and had won fame as an author and poet.

CHARLES S. DENEEN.

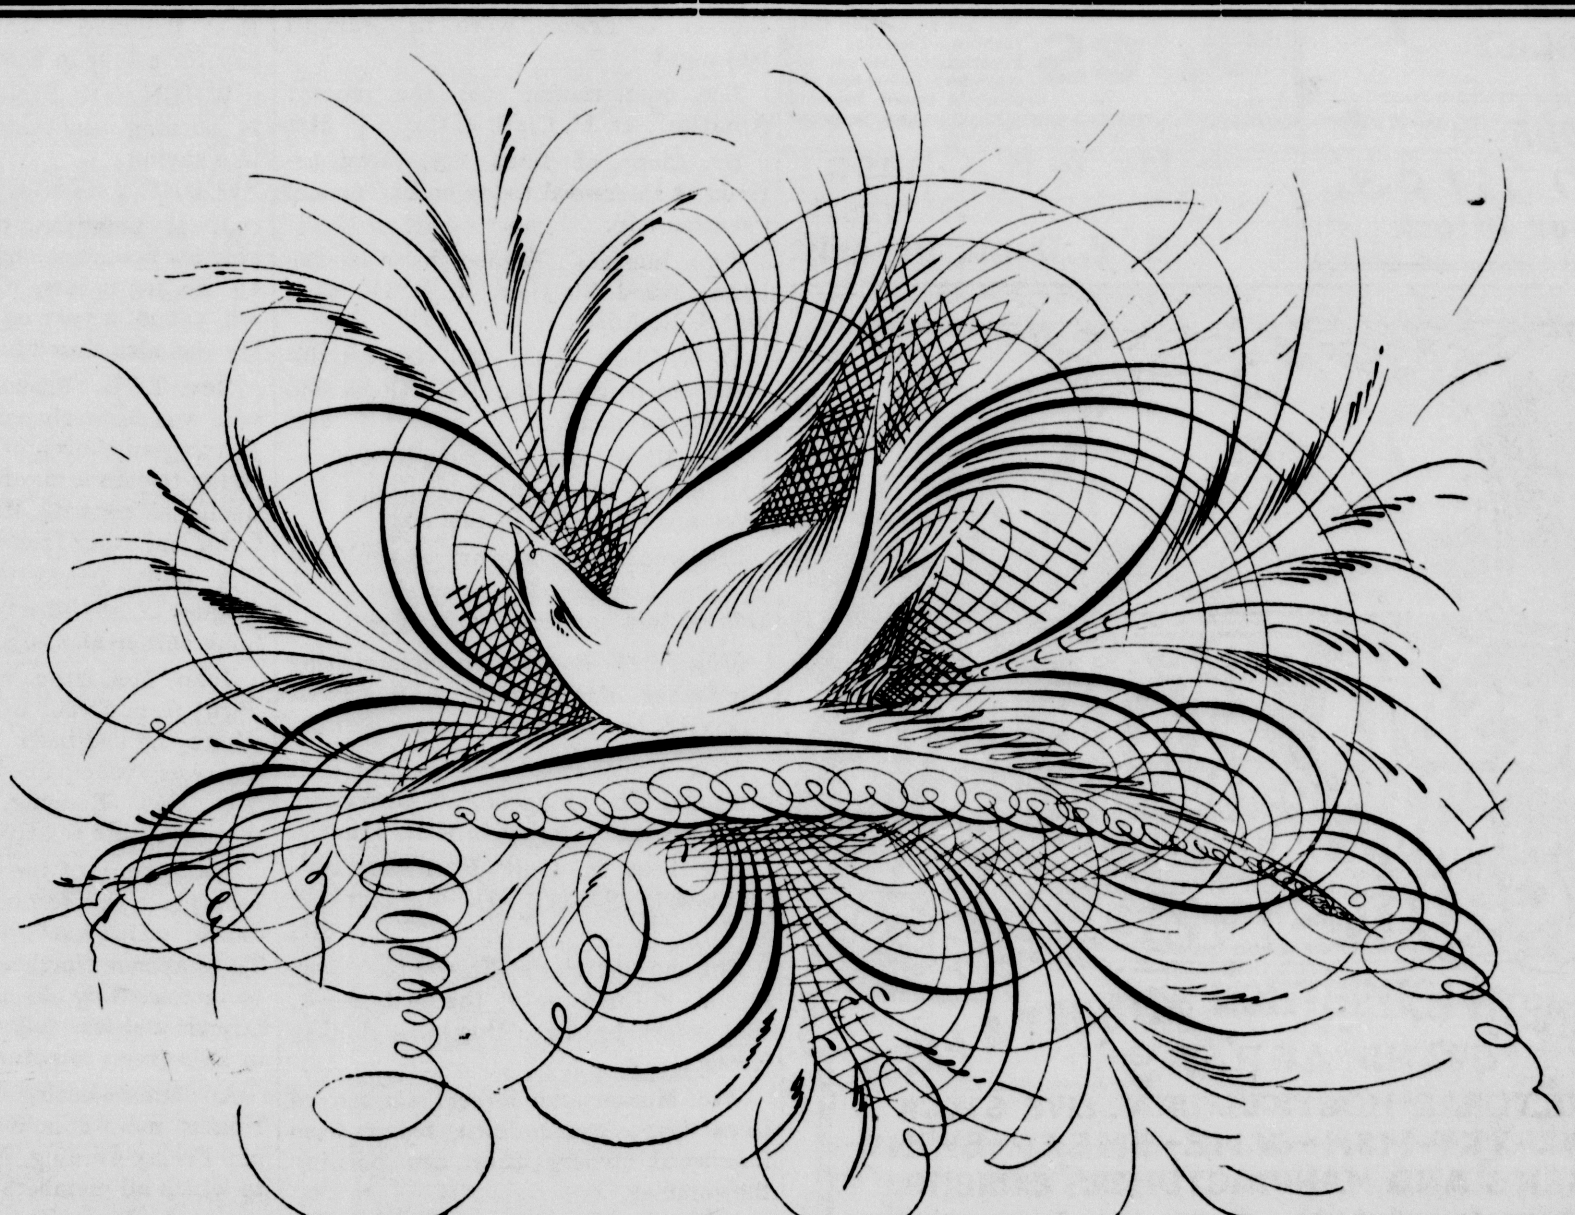

white miners refused to work with negroes. Some nervousness was reported as existing further out at the Tuxhorn mine, but no clash occurred.

Ordered Back to Work.

The refusal of the whites to work with the colored comrades was considered at an all-day session of the examining board of the state federation of the United Mine Workers of America. As a result of this consideration an order was issued that the union does not recognize the right of the miners to cease work. All were ordered to report back at their posts at once. The walkout was not in a body but by individuals and small groups of miners who feared that the negroes, alarmed at conditions in the city, were armed and might inadvertently be startled into violence. The negroes professed the most peaceable intentions.

While the new special grand jury was hearing witnesses in riot cases and citizens were held a meeting, the antagonism between the whites and blacks, already responsible for seven deaths and scores of injuries, struck underground. White miners at the Woodside coal mine, a mile out of town, and the Tuxhorn mine, four miles distant, refused to work with the negroes. The two mines employ about 500 men, about 150 of whom are colored. The white miners came to President Clark of the Springfield sub-district of the United Mine Workers, with the declaration that the negroes were armed and they did not feel safe in the underground darkness with them. On the other hand, it is said that the negroes have armed with no thought of taking initial action, but to protect themselves in event of a repetition of the rioting of Friday and Saturday nights. President Clark said that so far as he knew there had been no clashes between whites and blacks in the mines.

"They are just nervous, I guess," commented the organization leader. "Both races belong to the union and

Every subject taught in the leading business colleges of the United States, will be presented this fall. Write at once for particulars. Positions for graduates.

Brainerd, Minn., August 18th, 1908.

TO WHOM IT MAY CONCERN:

To those interested I will say that I have been a student at the Brainerd Business College since it opened. Started in its Business Department. We were a highly interested lot of students while going thru this most pleasing course of study. It is difficult to see how it could be made better. I learned more about penmanship in a month than I had before in my life. The Brainerd Business College is all right.

GEO. E. ANDERSON.

TO WHOM IT MAY CONCERN:

It gives me pleasure to state that my ward, Miss Maude Mandry, has been attending the Brainerd Business college for some months and I am more than pleased with her progress. She likes the school; she likes her studies and her teachers. We are very glad of this opportunity to prepare our ward, right here at home, for earning her own living. The Brainerd College has our complete and unqualified approval.

A Swift Bird.

The Mexican road runner has only two short legs, but he can beat a horse, a hound and an electric carriage and give them a handicap start. Speed is not his only recommendation. He eats as he runs, or, rather, as the things run away with him. Snakes are the principal part of his diet, big and little. His crop is as elastic as his legs are swift, and when he wants to prepare for a long journey he coils up a rattler or two inside of his neck and sets out across the Mexican desert with a swiftness that makes it look like a bunch of dust on a record breaking tour around the world.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

**ONE STOCK CAR
BUILT EVERY HOUR**
That is the Record of the Brain-
erd Shops on 250 Stock
Cars Just Finished
HAVE NOT MISSED AN HOUR
Scene is an Instructive as Well
as a Busy one at the Shop
Where Work is Done

The Northern Pacific car shops in this city has established a record in the building of stock cars that is hard to beat. 250 cars have been built at the shops under the supervision of D. K. Fullerton, general foreman of this department of the Northern shops here. One car has been turned out complete every hour since commencing on the work, not one single hour of the working day having been missed.

The sills and other heavy timbers are laid on the trucks outside the shop and the cars are pulled forward to the stations of the various crews once each hour. The first crew puts in the plates which hold the draw bars, bolt the sills in position and put in the trusses. The next crew puts in the floor and the cars are then run into the shop proper. The roof timbers, posts, etc., have mean while been placed beside or on the car. The roof is framed on the deck of the car, hoisted by means of tackle and let down upon the upright posts. At the same time the draw heads are put in place. An ingenious machine invented by Mr. Fullerton, is used to compress the draw bar springs and put them in place. The next crew puts on the end lining and the side slats while another puts on the doors, etc. Ten crews altogether work on each car, each crew working an hour, the last crew applying the paint.

The clockwork regularity is maintained through the knowledge of Mr. Fullerton as to what time each part of the work should consume. Often the men on a gang, or on all the gangs will complete their work before the hour but they are not expected to do anything till time is up and the line of cars is each advanced on station.

The company is also having 250 cars built in the South Tacoma shops, and while the officials refuse to discuss the matter some of the men express positive knowledge that the work is being done cheaper here than at the former place because of the splendid system of Mr. Fullerton.

The Cannibal King.
Grambo, emperor of Haash, smiled spitefully on the bound sailor—the only prisoner of the night foray.
“I can’t say,” he murmured, “that we Haashians would rather fight than eat, though it is true that we usually fight first and eat afterward.”
He paused to poke reflectively the prisoner’s fat shoulder.

**FURNITURE FACTORY
FOR BRAINERD**
E. J. Rhone Has Purchased Site
of Fricker Bros. Mill for
that Purpose
WILL START IN SMALL WAY
Work on Site Already Commenc-
ed and Building Will be
Built Immediately
E. J. Rhone, of Rhone & Flaata, has purchased the site of the Fricker Bros. flouring mill which was destroyed by fire a few months ago, together with the steam engine and boiler used to furnish power for the mill.
Work has already commenced in cleaning up the site, and Mr. Rhone has made arrangements to begin at once on the erection of a wooden building 35 by 50 feet for use as a factory and also on a building to be used as a dry kiln.
He states that he will start in a small way manufacturing only kitchen tables and kitchen cupboards. If this proves a success, he will then extend the work to other articles of furniture.
Mr. Rhone’s partner, Mr. Flaata, will retire from the firm because of ill health.

A Competitive Examination
Under the rules of the U. S. Civil Service Commission there will be a competitive examination for clerk carrier held in this city on Saturday, Sept. 5, 1908, commencing at 9 a. m. Applications for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the local representative of the commission, Geo. W. Greweox, at the postoffice in this city, or can be obtained from J. M. Shoemaker, Secretary, St. Paul, Minn. In order to be accepted applications must be received by the secretary at St. Paul before the close of business on Sept. 2d.

How to Avoid Appendicitis
Most victims of appendicitis are those who are habitually constipated. Foley’s Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley’s Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn. mwf

WHEN HER BACK ACHES
A Woman Finds all Her Energy and Ambition Slipping Away
Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Back ache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright’s disease. Doan’s Kidney Pills permanently cure all these disorders. Here’s proof of it in a Brainerd woman’s words:
Mrs. L. Peterson, of Brainerd, Minn., says: “I gave Doan’s Kidney Pills a thorough trial and believe them to be unequalled for kidney trouble. I suffered from a constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I finally decided to try Doan’s Kidney Pills and procured a box at H. P. Dunn’s drug store. After taking a few doses I felt better and in a short time the pains and other symptoms of kidney trouble disappeared. I believe that Doan’s Kidney Pills have given me a lease of life, and am so confident that they will do what is claimed for them that I am advising everyone I hear complaining of kidney trouble.”

Bijou Opens Aug. 20th
After being closed a couple of weeks for the summer vacation, the Bijou will be opened tomorrow night, Thursday, August 20th, with an exceptionally fine program. As the vaudeville attraction, Manager Low will present Clifford & Aimes, Irish comedians, who are said to be great fun producers. The Fargo Forum says of them: “At the Bijou this week Manager Treat has given his patrons an exceptionally good bill. To Clifford & Aimes must go the palm as the funniest entertainers seen in the city for some time. Their nautical Irish sketch is enough to create laughter from a Sphinx. The audience last night laughed and then laughed some more. Clifford & Aimes are certainly ‘The Greatest of Laugh Producers.’”

A Boon to Elderly People
Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley’s Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley’s Kidney Remedy at once and be vigorous. H. P. Dunn. mwf

**WEALTHY BREWER
AND WIFE KILLED**

SPECIAL TO THE DISPATCH.
Minneapolis, August 19.—John Gluek, a wealthy Minneapolis brewer and his wife were instantly killed early today in a collision at Cottagewood, Lake Minnetonka, between their automobile and a train on the Minneapolis & St. Louis railroad. Mr. Gluek and his party were enroute to the city and on a railroad crossing near Cottagewood their automobile was caught by the train and hurled against a station building. Mrs. Gluek’s sister and the latter’s two-year-old daughter were probably fatally injured.

Cured Hay Fever and Summer Cold
A. S. Nusbaum, Batesville, Indiana, writes: “Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor’s prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley’s Honey and Tar. It quickly cured me. My wife has since used Foley’s Honey and Tar with the same success.” H. P. Dunn mwf

No Pain with Red Blood
You can get your blood right by using Dr. A. W. Chase’s Nerve Pills.
Rheumatism and diseases of the nerves are closely allied—both are due to thin, watery and impure blood.
Have you ever noticed that it is when you are tired, weak, wornout and exhausted that the rheumatism gives you trouble.
Well, if your blood were analyzed at such times it would be found lacking in just such elements as are contained in Dr. A. W. Chase’s Nerve Pills. Because this great restorative actually forms rich, healthful blood it positively cures rheumatism.
MR. JOHN GERHART, South Main St. Orrville, Ohio, writes:—“One of my family got run down in health and strength and suffered a great deal from rheumatism. He used Dr. A. W. Chase’s Nerve Pills with splendid results. The rheumatism is all gone, strength good and nerves steady. We gladly recommend so excellent a medicine.”

SIMPLY TIRED OF LIFE.

Prominent Insurance Man Commits Suicide.

Louisville, Ky., Aug. 19.—Alfred T. Wimberly, state manager of the Bankers' Life Association of Des Moines, Ia., and a well known insurance man, was found dead in bed at his home here. Death was caused by a self-inflicted pistol wound, according to the coroner. A letter signed by Wimberly found on a table in the room read as follows:

"I am neither drunk nor insane. I have no domestic troubles nor business troubles. I have committed no crime. I am simply tired of life. I have always had despondent spells for which my creator is responsible. I have no fears for the hereafter if there is any. This is for the public if the public wants it."

Republican Headquarters.

Chicago, Aug. 19.—Congressman Tanney of Minnesota announces that Republican national congressional headquarters will be opened Sept. 11 in rooms selected at the Auditorium hotel.

PANIC IN A THEATER.

Tank of Gas Explodes and Sets Fire to the Building.

Chicago, Aug. 19.—Two men were burned, one seriously, and several hundred persons were thrown into a panic in a 5-cent theater at 781 West Madison street when a tank of gas employed in the operation of a moving picture machine exploded and set fire to the building.

Many women and children were in the audience and in the rush for the exit following the explosion several were thrown to the floor and trampled upon. Matthias Busch, operator of the picture machine, who was standing beside the gas tank, was so severely burned that it is believed he will die.

FIVE PERSONS PERISH.

Burned to Death in Fire That Destroyed Their Home.

Marshall, N. C., Aug. 19.—The home of Wofford Tweed on Laurel mountain was destroyed by fire and his wife, their three children and Mrs. Murray Tweed were burned to death and their bodies cremated in the flames. Mr. Tweed was at Marshall attending court when he heard of the tragic event.

THREATEN TO STRIKE.

Ten Thousand Men at Pittsburg May Quit Work.

Pittsburg, Aug. 19.—A strike of 10,000 coal miners in the Pittsburg district is threatened because operators have refused to grant the demand of the officials of the miners' organization that they collect an increased "check-off." At present 50 cents a month is deducted from each miner. The officers demand a deduction of 65 cents. The money thus deducted is used for the expenses of the union.

At the operators' meeting it was decided that no more than 50 cents would be deducted and that no further meetings would be held with union officials to discuss the subject.

District President Frank Feehan has called a meeting of the executive board, when it is said it will be decided whether to strike to carry the point. The controversy is similar to the one now on in Indiana, except that the Indiana operators want to entirely eliminate the check-off system.

Invalid Commits Suicide.

New York, Aug. 19.—Harry Pinnell, a young inventor and son of a wealthy family of Oakland, Cal., committed suicide here by inhaling illuminating gas. He had been an invalid for five years and left a letter explaining that he could not stand the suffering any longer.

A DOCTOR'S PRESCRIPTION.

A doctor's prescription was taken to a drug store at Superior, Wis., seven years ago. The druggist "filled" the prescription then, put it on file and numbered it 6088. Since that time "Sixty Eighty-Eight," as this great medicine is called (6088), has cured thousands of cases of rheumatism, catarrh, backache, kidney trouble and other blood disorders. Modern medical science proves that a medicine which purifies the blood, removing the uric acid and other poisonous elements, is the only kind that can actually drive rheumatism out of the system. Liniments may relieve the pain for a time, but to cure, as 6088 cures, the blood must be purified. When the blood is pure nature soon makes the sufferer well.

John McCoy of Duluth, tells the story of what 6088 did for him. He wrote a letter as follows:

"I consider it my duty to my fellow-men, to recommend your great Blood and Rheumatic Cure, 6088, to any person suffering with rheumatism, as it has done me more good than anything I ever took for that trouble. I am able to do a day's work now, and eighteen months ago I was helpless and suffering torments.

(Signed) "JOHN MCCOY, 'Duluth, Minn.'"

New World's Record.

Yonkers, N. Y., Aug. 19.—A new world's record for six furlongs for circular tracks was made at Empire City track when Nimbus, carrying 109 pounds, won the first race in 1:11½. The time clips two-fifths of a second off the old mark, made by Roseben, carrying 147 pounds, at Belmont park a couple of years ago.

Complete Canal in Five Years.

Washington, Aug. 19.—That the Panama canal can be completed within five years and at much less cost to the government than has been generally supposed, is the information which Colonel Goethals, engineer in charge of the work, is expected to bring Secretary of War Wright from the Isthmus next month.
